

Reflections...

Zürs - center for skiers since the turn of the century. Small village, endangered village. Birthplace of skiing and the „mechanical cable lift.“ A few houses, the Hotel Arlberghaus (its flat-pitched roof was a sensation) and a church.

And with the first snowflakes, seclusion fell upon our village.

In bygone days.

New dimensions to winter holidays. Powder and firm. A skier's dream. Attractive hotels, dream-like slopes, high-performance lifts. Safe access via Flexenstrasse.

The inviting Arlberghaus with 83 beds and friendly, enthusiastic employees. The cuisine is renowned.

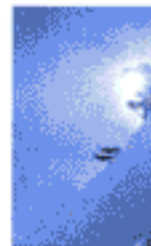

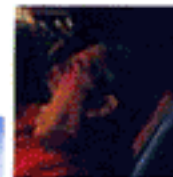

And the holiday has a personal touch - it's like being one of the Eggler family!

Today.

A hotel has introduced itself. We have introduced ourselves. To those of you looking for a sportive holiday, seminar or simply relaxation.

Our job is more than just that - we put our heart and soul into it. And your stay with us should be a memorable one - the vastness of the Arlberg, adventures in the snow, our hotel and its ambiance, the cuisine, the dedicated employees and our fun-filled weekly program and, of course, ourselves - your hosts...

Your Eggler family from the Hotel Arlberghaus

Slow and careful growth - of the village and the hotel.

The Hotel Arlberghaus for over 60 years!

The rafters and floor boards tell their stories. The mountains still pristine - each peak arduous and demanding, the descent lonely. Zürs comes of age.

A time like no other.

The age of the great pioneers and the birth of organized skiing.

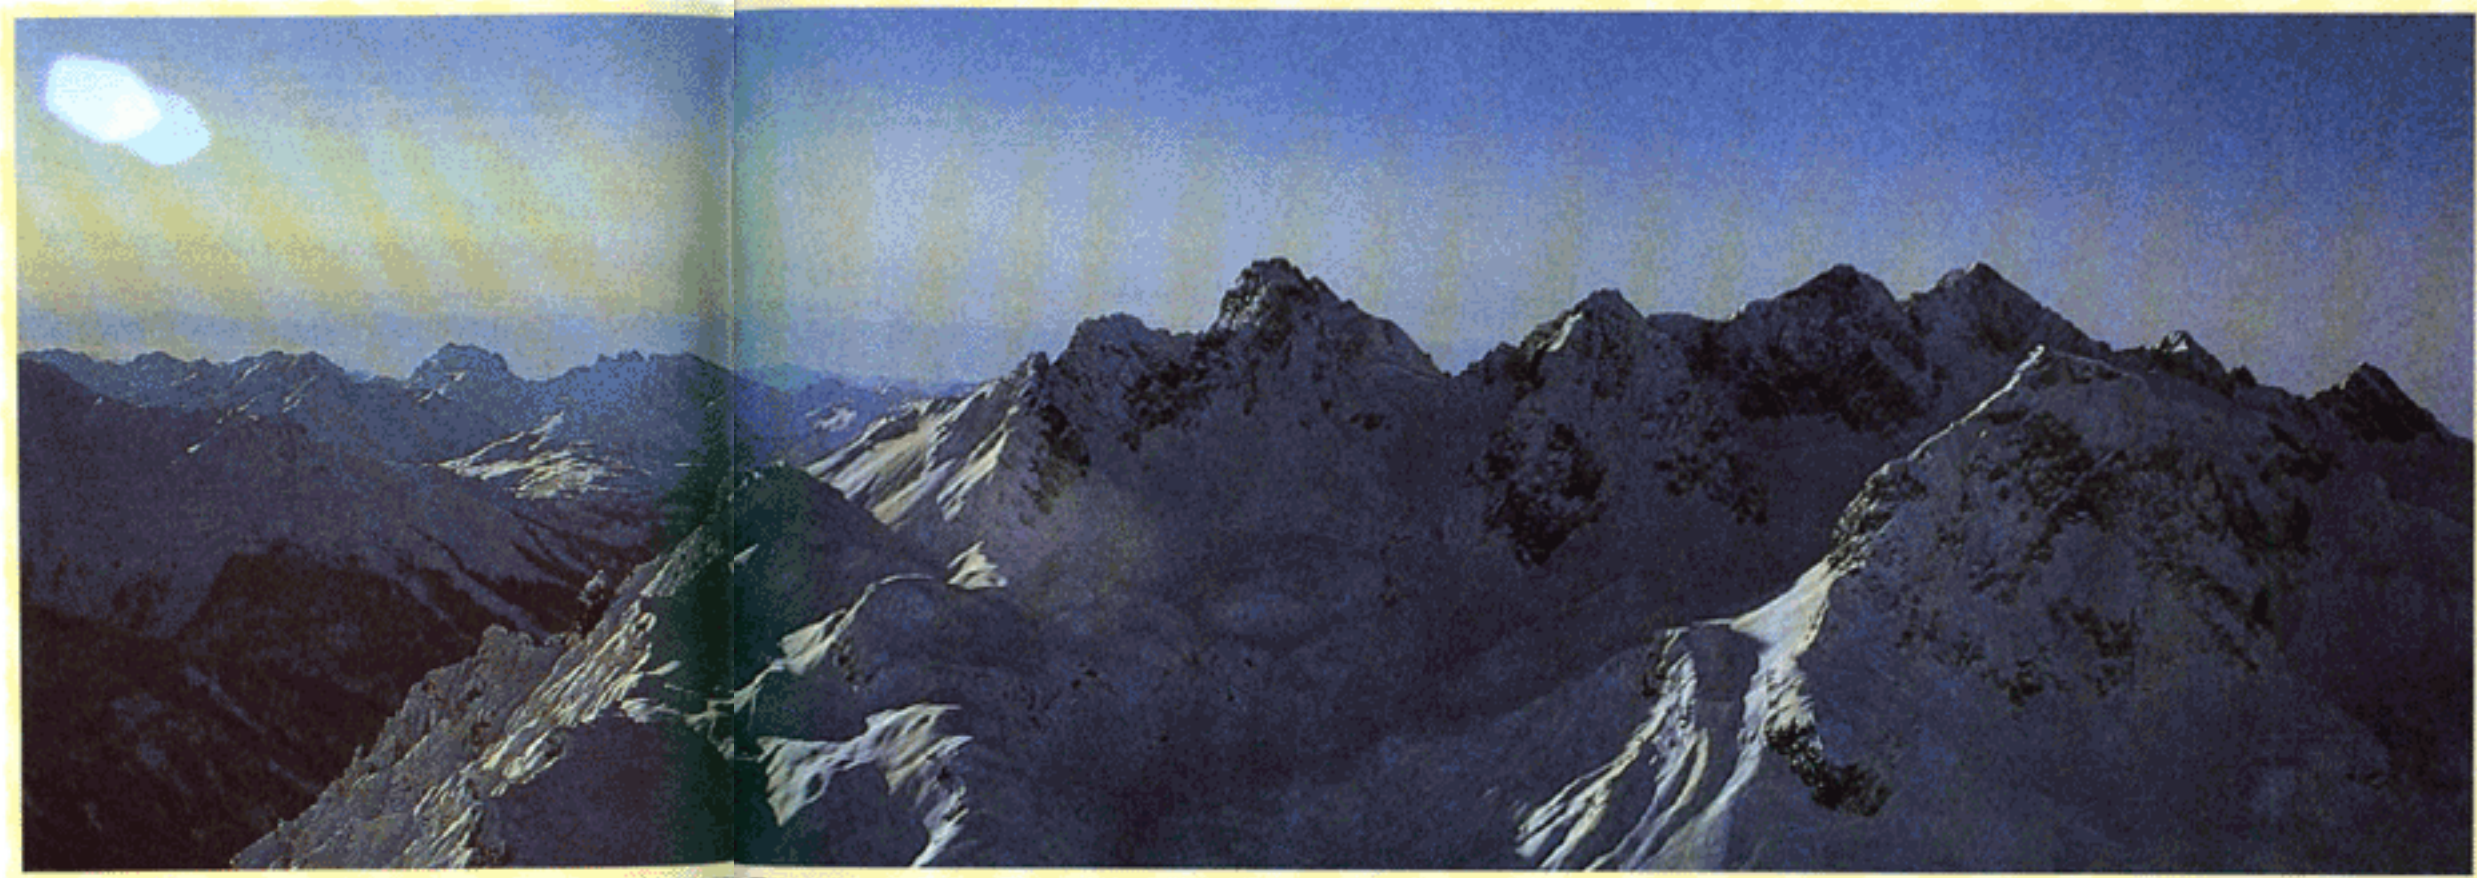

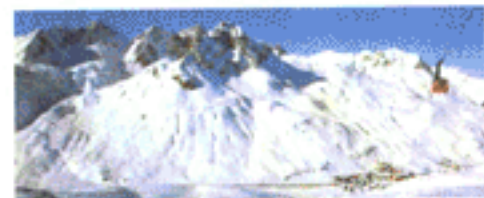

Arberg above all else!

*Limitless freedom - become conscious of breathing. Impressions in powder, dimensions in white -
know the meaning of awe - firsthand!*

*Swinging down alone or in pairs, the brilliant glittering powder, the effortless glide of firm,
the blue sky above. A good host accompanies his guests...*

*Lengthy discussion, snap decision. 2258.
"Hello? Arlberghaus! Yes, ok - fine -
we look forward
seeing you!"*

*On the way. Excitement and
anticipation build up for a
one-of-a-kind winter holiday
and for the Hotel
Arlberghaus. Centrally
located, complete with
a parking lot and porter.*

*A „Grüss Gott“ welcome to our hotel, here with us -
the Eggler family and staff.*

*What an appetite after the long trip!
First encounter with the Egglers'
sweet temptations.
The skis are already in the ski
room, the bags in the hotel room.*

*Apropos room:
Being the Arlberghaus for over 60 years means - an evolved hotel
tradition. Friendly ambiance in spacious rooms, home-like and
comfortable - made to „feel at home“
- whether alone or as a family.*

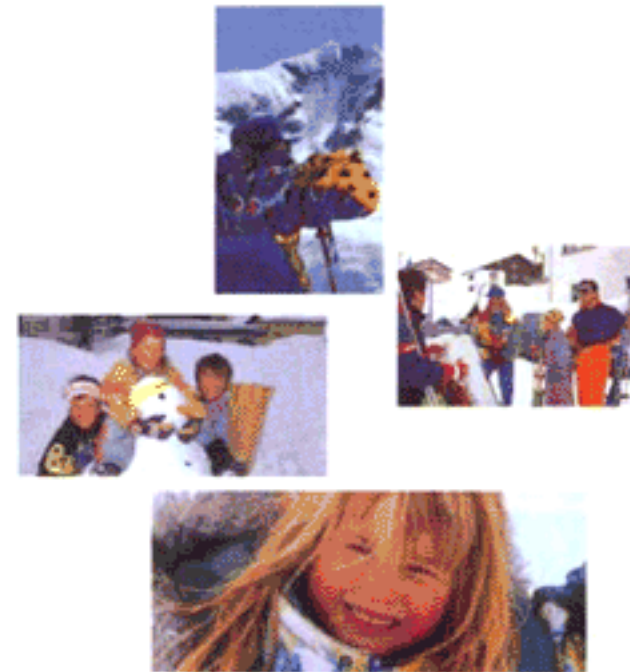

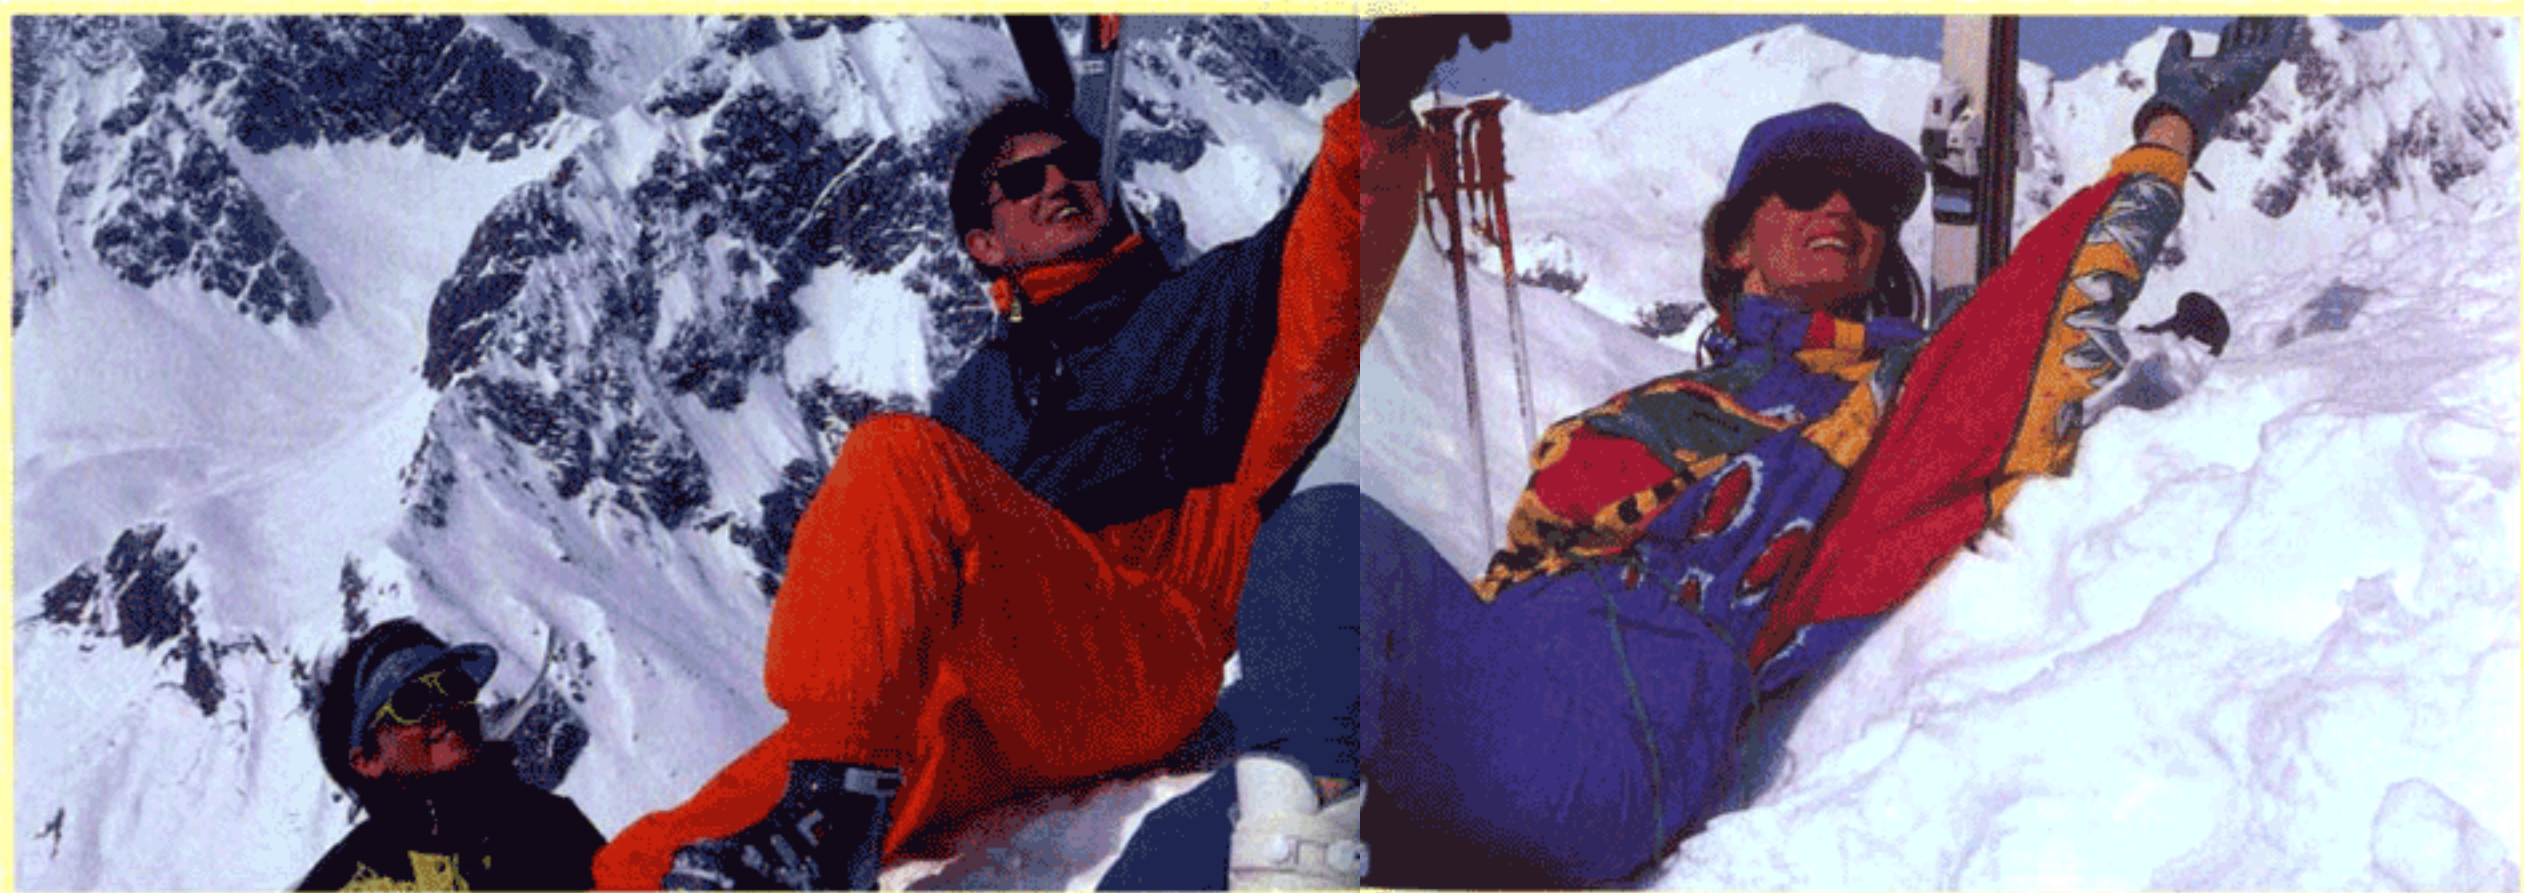

*Be happy, laugh,
be carefree, live. Consciously relax -
consciously enjoy it all.*

Every day.

*Sun and pure mountain air
will take care of the rest.*

*Whether with the ski school or alone,
discover the vastness of the Arlberg:
set out on skis - to Lech, St. Anton,
St. Christoph and Stubai on blue, red and
black runs - without crowds or lines.
Ski heil!*

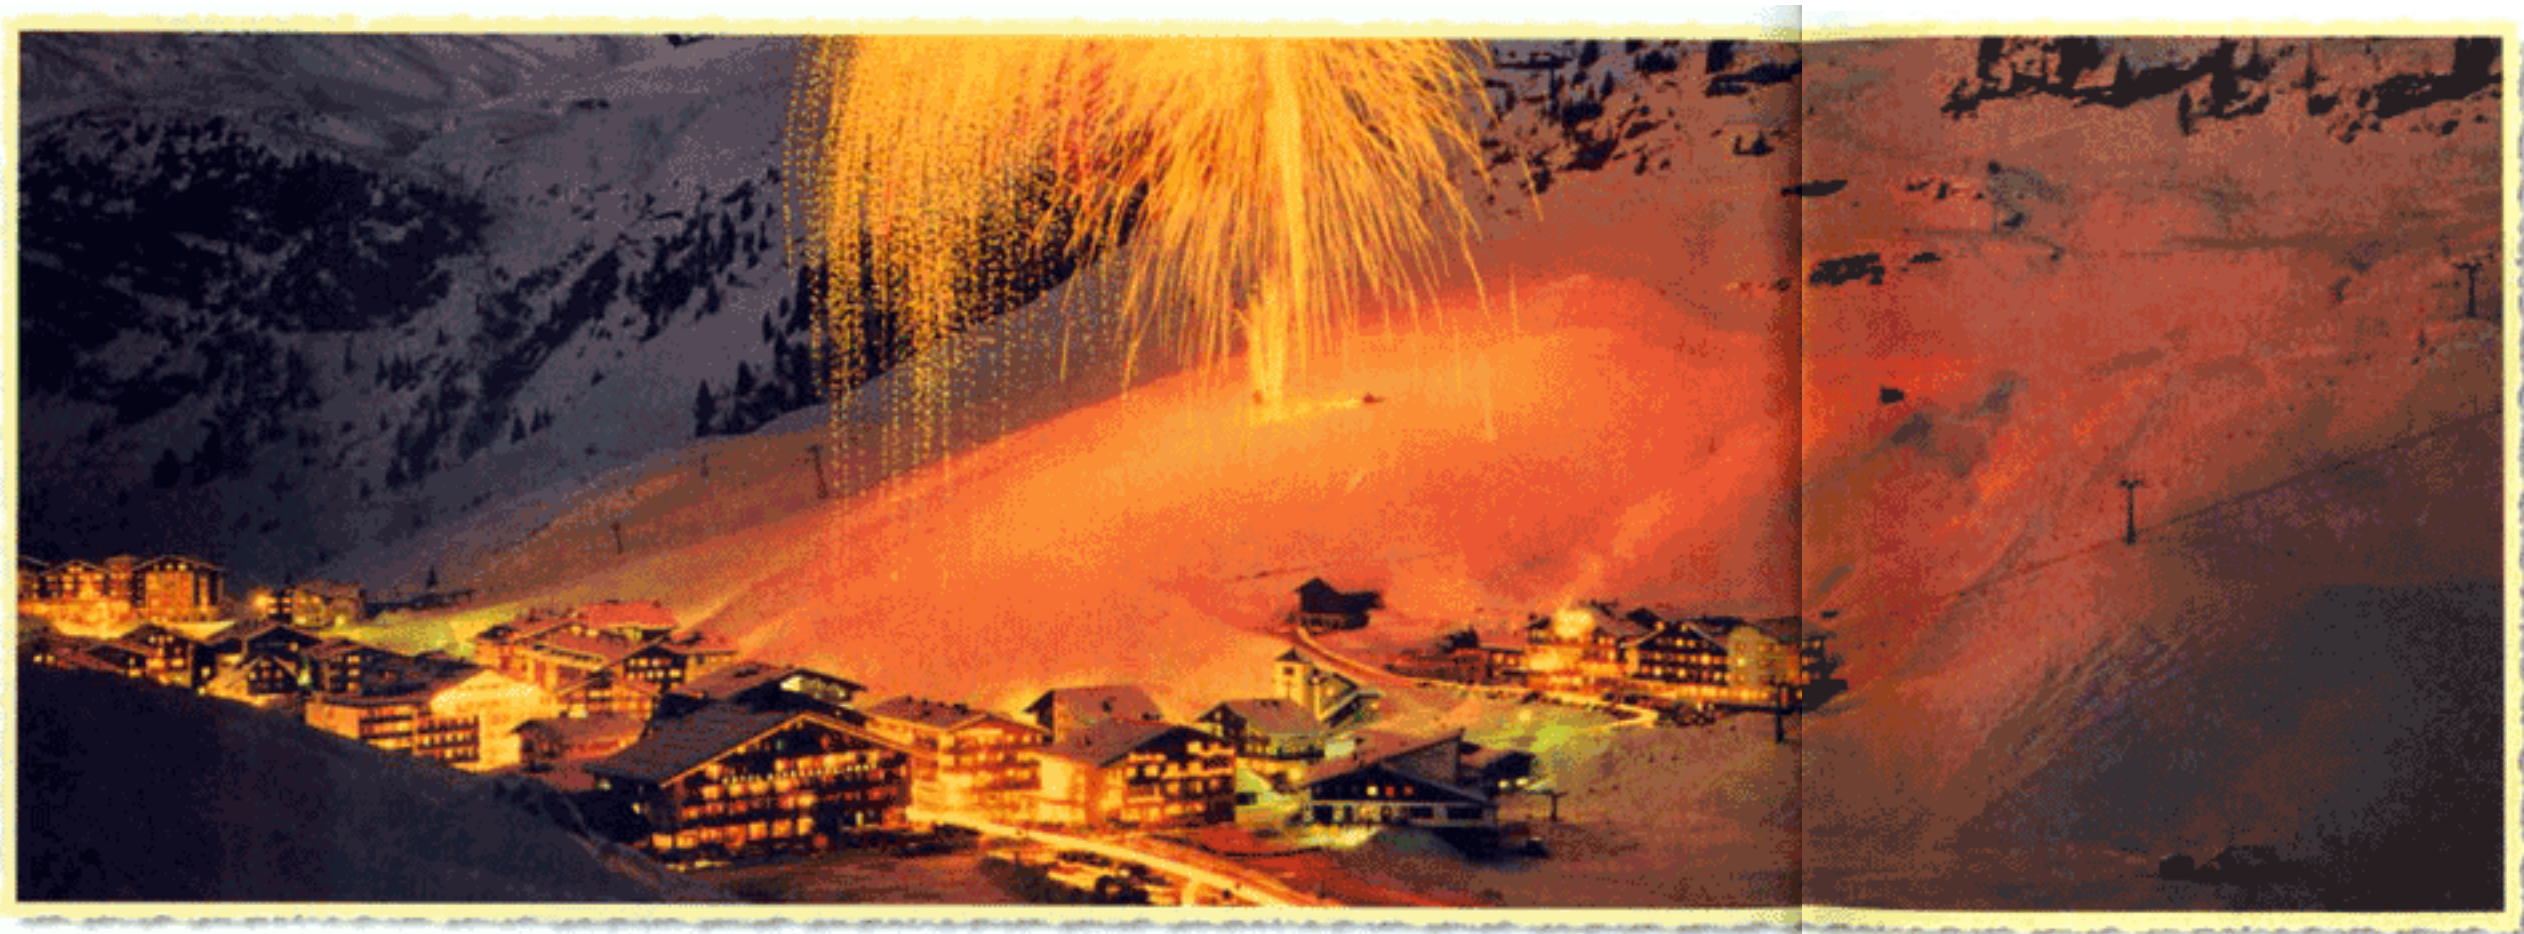

*From the peaks and
the pistes to the culinary delights of the
Arberghaus, „Enjoyment“ is the key word!*

*Extravagant, hearty or traditional -
our chefs can do it all.*

*An aperitif and then dinner,
every day features something new.
Feel, taste and smell the hospitality
and dedication.*

*Wining and dining - savour the experience -
that is also Austrian savoir-vivre!*

*Zürs - 'High' Zürs.
Not a place of superlatives -
rather a village with its own
character and flair. Yet not too
big. Friendly. Warm!*

*Just like the Egger family.
Caring - yet not obtrusive. Hospitality in the
truest sense of the word. Get to know each
other during an evening of tobogganing or
at the ice bar „Zur feigen Sau.“*

*Back in the Arberghaus - stow your skis away and
let off steam. Regeneration for the body
and sometimes also for the soul. Bathrobe and sauna
towel await you -
naturally...*
